## **C04.01 Applied Geography Commission**

### **2008 Report**

#### **1. Membership**

During 2008 there were changes to the membership of the Applied Geography Commission necessitated by a number of members having served the maximum allowable number of years as members of the Commission.

##### **Retiring Members of the Commission**

The retiring members of the Commission were:

Professor Antoine Bailly, Switzerland, Chair of the Commission

Professor Lay Gibson, USA, Secretary to the Commission.

##### **New members of the Commission**

The new members of the Commission are:

Professor Federico Arenas, Chile

Professor El Boubekraoui, Marocco

Professor Lucinda Fonseca, Portugal

Dr. Stephane Joost, Switzerland

Dr. Hamish Rennie, New Zealand

Professor Ali Toumi, Tunisia.

##### **New Chair and new Secretary of the Commission**

From August 2008, Professor Robert Stimson, Australia, became the new Chair of the Commission, and Professor Kingsley Haynes, USA, became the new Secretary to the Commission.

##### **List of Commission Members, Advisory board, and Friends of the Commission**

The full lists of Commission Members, the Commission Advisory Board, and friends of the Commission - both up to mid-2008 and from mid-2008 - are provided in the **Attachments** to this Report. The persons listed therein are the participants in Commission activities.

#### **2. Meetings**

##### **February 2008**

An informal meeting of a number of some members of the Commission was held during the *Western Regional Science Association* Annual Conference in Hawaii, 18-19 February 2008. The meeting was held to finalize the arrangements for the editing and publication of the Commission's second book to be launched at the 2008 *IGU Congress* in Tunis.

## **The IGU Congress in Tunis**

The principal meeting of the Commission in 2008 was at the IGU Congress in Tunis in August, at which four sessions of the Commission were held on 12 and 13 August:

- **Session 1:** Launch of the Commission's second book, *Applied Geography and the Entrepreneurial University*, Edited by Antoine Bailly, Lay Gibson and Kingsley Haynes, and published by Economica in association with the Brookings Institute, with 14 chapters contributed by 21 authors as participants in the Commission.

Antoine Bailly and Robert Stimson provided an overview of the origin and the context for the book which is based on papers contributed by the authors of the chapters that had been presented at a series of meetings of the Commission over the last three years.

- **Session 2:** paper presentations by four of the new members of the Commission:
  - Lucinda Fonseca , Portugal
  - El Hassane Boubekroai, Marocco
  - Frederico Arenas, Chile
  - Stephan Joost, Switzerland.
- **Session 3:** Round Table discussion on “*Which Future for Applied Geography?*” led by:
  - Antoine Bailly (Switzerland)
  - Robert Stimson (Australia)
  - Bernard Weinstein (USA)
  - Ali Toumi (Tunisia, and General Secretary of the 31<sup>st</sup> IGC, Tunis).
- **Session 4:** “*Future Program for the Applied Geography Commission*”, a discussion led by Incoming Chair of the Commission, Robert Stimson (Australia)

These sessions were attended by 33 participants who were at the IGU Congress in Tunis.

## **3. Networking**

During the year there was informal networking among members of the Commission through electronic means.

Where possible, Commission Members and Friends met informally at various professional association conferences to discuss Commission activities.

## **4. Publications**

### **New book**

The major publication by the Commission was a new edited book:

Antoine Bailly, Lay J Gibson and Kingsley Haynes (Eds), *Applied Geography and the Entrepreneurial University*, Economica, Paris, in association with the Brookings Institute, Washington, pp. 182.

The **chapter titles and authors** are:

*Introduction*, Antoine Bailly (Switzerland), Lay Gibson (USA), Kingsley Haynes (USA)

*Making Geography findings matter: Implications for applied research and teaching*, Kingsley Haynes (USA), Robert Stimson (Australia)

*Client-driven education?: Issues for an applied geography curriculum*, Burrell Montz (USA)

*The constructionist perspective in applied geography: Evolutionary analysis with illustrative examples*, Antoine Bailly (Switzerland), Roger Stough (USA)

*Towards a Rhizomatic econphilosophy for economic development*, James Rowe (New Zealand)

*Defining a core curriculum in applied geography*, Richard Boehm (USA), Audrey Mohan (USA)

*Geography learning: Building a research agenda for meeting societal needs*, Lay Gibson (USA), Oas Brand (USA), Susan Hollier (USA), David Rutherford (USA)

*The business of business relocation*, John Lombard (USA)

*Understanding the impacts of employment loss: Space, place and public policy*, Andrew Beer (Australia), Holli Thomas (Australia)

*Measuring entrepreneurial capital and its role in economic growth*, Roger Stough (USA), Scott Jackson (USA), Chunpu Song (USA), Ryan Sutter (USA)

*Development of abstract and real-world understanding of geospatial concepts*, Sarah Battersby (USA), Reginald Golledge (USA), Meredith Marsh (USA)

*Grade-related differences in geospatial concept recognition: Spatial relationship terms*, Meredith Marsh (USA), Reginald Golledge (USA), Sarah Battersby (USA)

*The evolution of applied geography in the entrepreneurial university: Lessons learned and new challenges*, Antoine Bailly (Switzerland), Lay, Gibson (USA), Kingsley Haynes (USA)

The contributors to the book are a mix of senior scholars and early career researchers and include a number of graduate students.

## **5. Archival Contributions**

Nothing to report

## **6. Continuation**

The Applied Geography Commission has applied to the IGU Executive Committee for continuation for a further four years.

The full agenda for the proposed activities of the Commission will be developed in detail during the next six months following communication among the participants in the Commission.

## 7. Possible agenda of activities and meetings

During the meetings of the Commission at the IGU Congress in Tunis in August 2008, the following proposals were discussed as a potential program of activities over the next three to four years:

1. **The preparation and publication of a third edited book** from the Commission to be launched at the 2012 IGU Congress in Cologne. A proposed theme is on “*Applications of Geographic Analysis in Public Policy, Planning and Business*”. The intent will be to demonstrate how geographic concepts, tools and techniques have been applied to address on the one hand public policy concerns and planning issues and on the other hand business development and operations. Contributions to the book will both draw on the actual outcomes of collaborations between researchers and public agencies and researcher sand business through the documentation of case studies, and on the demonstration by practitioners in the public sector and the business sector of how they are applying geographic concepts, tools and techniques in their field of employment.

The intent is to have contributions:

- from both the developed and the developing world that relate to:
- public agencies at different levels of government
- that relate to both large and small businesses.

This activity will be the major activity specifically organized by the members of the Commission. Progress towards this objective will be achieved through the presentation of papers at a series of meetings of the commission held in association with a number of meetings of professional and academic organizations during 2009, 2010 and 2011 which are attended by participants in the Commission.

2. **The possible publication of series of papers on a specific theme of applied geography through a special issue of an appropriate journal.** Those activities would be initiated by a participant in the Commission who would identify a theme and potential paper contributors who would meet during a special session or sessions under the name of the IGU Applied Geography Commission that would be held at a meeting of a professional or academic association.
3. **Meetings of the Applied Geography will likely be held in special sessions to be organized at the following meetings:**
  - Late February 2009 annual meeting of the *Western Regional Science Association*, Nappa Valley, California
  - Mid-July 2009 biennial meeting of the *Pacific Regional Science Conference Organization*, Gold Coast, Australia
  - Early October 2009 *International Festival of Geography*, St. Die, France

- Mid-November 2009 annual meeting of the *North American Regional Science Conference*, San Francisco
- Late February 2010 annual meeting of the *Western Regional Science Association*
- 2010 meeting of the Applied Geography Commission to be held in Portugal pre or post the 2010 IGU Tel Aviv *IGU Regional Conference*
- Late August 2010 annual conference of *European Regional Science Association*, Jonkoping, Sweden
- Early 2011 annual meeting of *Western Regional Science Association*
- Mid 2011 biennial meeting of *Pacific Regional Science Conference Organization*
- Late August 2011 annual conference of *European Regional Science Association*
- 2011 Applied Geography Commission meetings held during the 2011 Santiago, Chile, *IGU Regional Conference*
- Mid November 2011 annual meeting of the *North American Regional Science Conference*
- Late February 2012 annual meeting of the Western Regional Science Association
- Mid 2012 Applied Geography Commission meetings held during the 2012 *IGU Congress Cologne*

**4. Collaboration with the Applied Geography Association.**

During the coming year the Commission Secretary will liaise with the leadership of the Applied Geography Association in the US with a view to developing joint activities.

***Robert Stimson***  
**Commission Chair**

***Kingsley Haynes***
